Welcome to Week 8!
As you’re probably aware, this week is going to be an extremely busy one. On Thursday the 21st of March, the entire school will be taking part in Harmony Day celebrations and on Friday the 22nd of March, our annual cross-country carnival will be held. Good luck to all of the competitors!

We would like to thank the families of 3/4 for their generous Easter donations, I think we’ve had our basket emptied two times already……now that’s impressive!

The students of 3/4 were lucky enough to take part in the robotic workshop in week 7. We’ve heard nothing but positive reviews regarding their experience, and must commend them on their excellent behaviour during the workshop. This week we are writing our fortnightly speeches again. The topic for week 8 is ‘students should/should not have to play a sport outside of school’. This week we are asking students to concentrate on their timing, we expect that most students should be able to present for a minimum of 2 minutes.

We are currently in the process of marking the year 4 ‘whole number’ maths assessments, and so far, we are extremely impressed with their results. We would also like to make mention of the fantastic efforts being made with homework each week, we both realise how busy life can be, so it is great to see that the students of 3/4 are already demonstrating wonderful time management skills. Keep it up! Remember, if you have any queries and/or concerns regarding anything that is going on in our class, please feel free to speak with us.

Regards,
Mrs Adams and Mrs Sutton.
